Patient Financial Responsibility

We are committed to providing you with the best possible vision care. If you have special needs, we are here to work with you. The following information is provided to avoid any misunderstanding or disagreement concerning payment for professional services.

1. The total patient balance due is required to be paid at the time services are provided. For your convenience, we accept cash, check, Visa, MasterCard, Discover, and Care Credit.
2. Our office participates with a variety of insurance plans. It is your responsibility to:
    - Bring your insurance card to every visit.
    - Be prepared to pay your co-payment and/or co-insurance to every visit.
    - For care not covered, deemed medically unnecessary, or cosmetic by your insurance company, payment in full is due at the time of visit.
3. If you have insurance that we do not participate in, our office is happy to give you a detailed receipt. However, payment in full is required at the time of service.
4. If the total patient balance due cannot be paid in full, arrangements must be made prior to service being rendered.

5. If the patient is a minor (18 years or younger), the parent or guardian must sign below. The parent, guardian or unaccompanied minor is responsible for any payment due at the time of service, bringing the necessary insurance card.
6. If you have any questions about your insurance, we are happy to help. Specific coverage issues, however, should be directed to your insurance company's member services department.

Drs Webb & Webb Optometrists firmly believes that a good physician/patient relationship is based upon understanding and good communications. Questions about financial arrangement should be asked prior to services provided.
